

About Us:

Built from the ground up in 2018, WW Flooring Group is equipped with state of the art technology. The line is designed to produce high quality product at large volume capacity. WW Flooring Group is owned as a partnership between Kennebec Lumber Company (Solon, ME) and Premier Hardwood Products (Syracuse, NY). Combined, the companies have over 36 million sqft. of annual production capacity making WW Flooring Group one of the largest hardwood flooring finish facilities in the United States.
